Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

Enjoy Great Visual

The 240x180 resolution (refreshing at 20Hz) gives you plenty of confidence to ensure you're getting the right readings for your work, boosted by visual light (2MP) for a sharp view. Make everything feel responsive and look incredible.

Fusion of Lights

"Fusion" blends key details from a 2MP digital camera to the IR image, adding detail and clarity; "PIP" overlays a fixed section of a thermal image onto a digital photo to clarify anomaly locations.

Broadly Applicable

VEVOR SC240M thermal camera offers a non-invasive approach to detect hidden water leaks in a home, an approaching wild animal, electrical hotspots, missing insulation, and even human footprints.

Designed to Last

Shielded in a drop-proof IP54 enclosure, our thermal imager can be used in the rain without fear of ingress and dropped without worrying about cracking.

Intelligent Temp Alarm

The flashlight give you visual alerts of high temperatures. Instant notification when the temp exceeds the max/min level (-4°F to 662°F).

Light Up Your Area

With the bright LED work light, working in shaded areas is no longer a problem. Conveniently stay away from harm when you can see it in the dark.

Specifications

- IR Resolution: 240x180 pixels
- Refresh Rate: 20Hz
- Visible Light: 2 mega pixels
- Temperature Range: -4 to 1022 °F (-20 to 550°C)
- Thermal Sensitivity: 40 MK
- Color Modes: 4 Image Modes & 7 Color Palettes
- Recording: Yes
- Angle of Field: 52.5°x39.5°
- Distance Settings: 1.6-13.1 ft/0.5-4 m
- Battery Life: 11h
- SD Card: 64G
- Certification: CE
- Drop Test: 6.6 ft/2 m
- Waterproof: IP54
- Product Size: 9.33 x 2.95 x 3.62 in / 23.7 x 7.5 x 9.2 cm
- Product Weight: 1.15 lbs / 0.52 kg

Package Content

- 1 x Thermal Imager
- 1 x 64G SD Card
- 1 x USB Cable
- 1 x Carry Bag
- 1 x User Guide
