

LED LAMP

SPECIFICATIONS

The Commercial Electric 12.5-watt, 11 Inch Round LED Downlight with five selectable color temperatures (3000K/3500K/4000K/5000K/6500K) provides added function and style to any residential or commercial area. Its ultra-slim, low-profile design is perfect for any low ceiling area and the glare-free, edge-lit LEDs are integrated so there are no bulbs to replace. Get the right light in any room all with one light. You can pre-select a color temperature setting or adjust it with a standard light switch. The versatile 74210/6WY/HD is dimmable, giving you the ability to adjust the light to suit any scenario from relaxing with a cozy, warm light to focusing on important tasks with energizing, cooler light. The integrated LEDs turn on instantly to full brightness (including in sub-zero temperatures). Its frosted acrylic lens and white frame will add beauty and modern style to any area. Our ceiling fixtures and wall sconces are energy efficient and produce an even light distribution of 875 lumens. The estimated annual energy cost is only \$1.51 with an average life of 50,000 hours/45.7 years.

Features

- Ultra slim 1 inch modern low profile design, with easy DIY installation
- Dial it up, dial it down to set the mood with fully dimmable customizable lighting
- Choose from 5 color temperatures depending on the task at hand. Select prior to install or use a standard wall switch
- Integrated energy-efficient LED lighting offers instant-on to full brightness, 100% mercury-free construction, and damp location rating
- Easy-to-install mounting brackets, enables simple installation in both residential and commercial buildings
