FIT MOST HANDLE INSTALLATION INSTRUCTIONS

1006964474

Tools Required:

Screwdriver
Allen Wrench

Installation Instructions:

1. Remove the old handle from the cartridge or stem. (Use handle puller if needed.)
2. Place metal adapter onto top of stem.
   Tighten all three screws on the adapter with allen wrench.
3. Place new handle over the metal adapter.
   Using a screwdriver, secure the handle by installing the screw at the top of the handle.
