SPECIFICATION FEATURES

A···Electrical Quick Lock Adapter

Polycarbonate casing. Attaches electrically and mechanically anywhere along the track. Visual polarity line assures proper grounding. Two position conductor allows use in single circuit and either circuit of two circuit track.

B···Yoke

Matching finish yoke allows lampholder to rotate 338° and adjust vertically from ±90°.

C···Gimbal Ring

Die formed gimbal ring contains lamp retention springs, provides lamp regress for optimum lamp position, provides uniform appearance between lamp types.

D···Socket Housing

Deep drawn steel housing with matching finish.

Listings

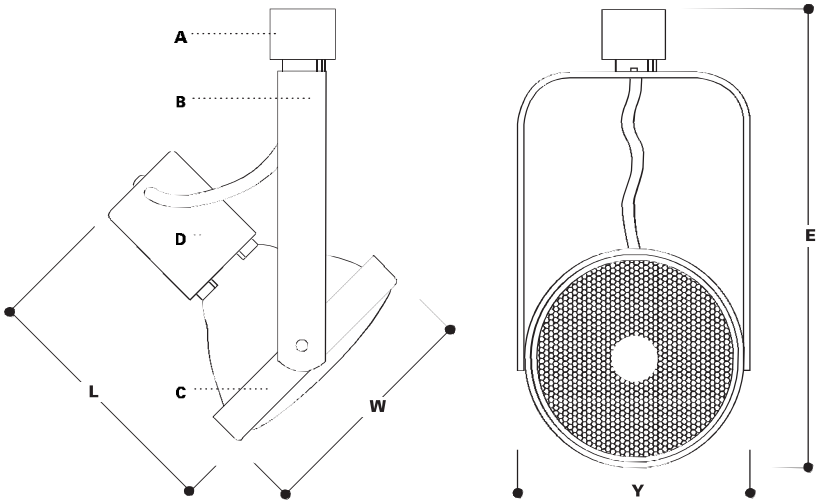

UL listed and CSA certified for use with Halo and Lazer-by-Halo track and track systems.
