

VEVOR Non-Conductive 100 ft Fish Tape

That's right! With premium fiberglass, this fish tape is like having the Hulk of cables. Tough, wear-resistant, and geared up for those tricky conduits.

A nickel-plated carbon steel head does the trick. No more "stuck in the mud" moments. This fishing tape slides through tight spots like butter!

Our fishtape wire puller features a reinforced handle with a comfortable grip. It's designed to be portable and prevents hand strain while retracting the cable.

From commercial zones to cozy homes, threading through ceilings and walls with this wire fish tape becomes child's play. Who knew wiring could be this fun?

COMPLIMENTARY TENSIONER

The fishing tape wire puller includes a fastener and cotton gloves, just to sprinkle a little extra joy on your wiring journey. We believe in working smart and looking sharp!
